4th INTERNATIONAL CONFERENCE ON COMPUTATIONAL METHODS IN SCIENCE & TECHNOLOGY

2nd & 3rd May 2024, CGC Landran {Hybrid Mode}

About the Chandigarh Engineering College

Chandigarh Group of Colleges has become one of the leading Educational Group of the country. The group commenced its journey in the year 2001 with strength of only 100 students and with two programs. Today, the campus has more than 15000 students across 15 programs. Chandigarh Engineering college has been ranked 147 among top Engineering Institutions by NIRF. Established with the vision to be the most preferred educational institution with global recognition, Chandigarh Engineering College has come out to be one of the leadingtechnical institution of the country. CEC is committed to maintain the numerous positionsin placements in the north India region and ensuringthat every CECiangets the best possible placement opportunities and multiple job offers in hand withhefty pay packages.

About the Conference

International Conference on Computational Methods in Science & Technology (ICCMST 2024) is an international forum for researchers, engineers, academicians as well as industrial professionals from all over the world to share and publicize their research work and development activities in various research areas. This conference provides opportunities to our college students to interact with the externalresearchers and delegates to exchange new ideas and application experiences face to face,also helps the university to find globalpartners for establishing educational and researchrelations and for future collaboration.
